

SAFERBUSINESS®

SUPPLIERS OF FOOD PRODUCTS

SUPPLIER SAFETY AND QUALITY DUE DILIGENCE MONITORING FOR FOOD SUPPLIERS

In order to establish consistency of purchased product quality and food safety, many end users are now requesting evidence of good manufacturing and product management systems. In practice this is often best obtained by third party supplier accreditation using a reputable inspection company. **SAFERBUSINESS®** monitoring was introduced in the UK over 20 years ago by **HSQC** and has been used by many food manufacturers to show evidence of quality and safety standards. It has also been widely accepted by many blue chip hoteliers and retailers throughout the world.

BENEFITS OF **SAFERBUSINESS®** ACCREDITATION TO SUPPLIERS/CATERERS:

- ✓ Advice on the latest legislation and HACCP from HSQC inspectors is part of the review.
- ✓ HSQC is accepted by many major hotel groups, restaurant groups and venues. So only one review may be required.
- ✓ Reviews carried out by independent HSQC qualified technicians.
- ✓ 12 month membership certificate provided.
- ✓ Free 12 month HSQC telephone helpline.
- ✓ HSQC will liaise with suppliers and customers on compliance requirements if required.
- ✓ Display the **HSQC SAFERBUSINESS** logo on your vehicles and stationary.
- ✓ HSQC will provide press releases.

BENEFITS OF **SAFERBUSINESS®** TO HOTELS, RESTAURANTS & RETAIL OUTLETS:

- Provides due diligence information
- Quantifies quality and safety standards
- Improves customer confidence and relationships with supplier.

HSQC SAFERBUSINESS programmes associate with international standards such as **FSSC22000** This is a standard which defines the requirements of a food safety management system.

ISO 22000

To ensure your suppliers and caterers meet your standards and comply with good hygiene practice, call HSQC
